Trp. Reed,

Thank you. We actually found this during our review of the EIC as well but appreciate your diligence in bringing the matter to our attention.

Subject: Election fraud

Good Morning,

On 10/11/13 we issued an election certificate (#37803354) to a "Raymundo Salinas, H/M 01/21/1971". This transaction occurred in Laredo and it's my understanding the CSR could not access NDLS at the time. After further review, we already have a person with this name and DOB in the system.

Salinas, Raymundo
DL #33575394
ID #23121334
SS #640-46-9672

The Photos do not match. If you could take a look, I'd like to stop the certificate in production if it was fraudulently obtained.

Thanks,
JR
